As the Ashland County Community Foundation observes its 20th year of operation, we're not certain that even the most optimistic of our predecessors could have envisioned the stable, successful organization that exists today.

Community confidence in the Foundation's ability to make impact, through grantmaking, is at an all-time high. In the pages of this 2014-2015 Annual Report, you'll see much evidence of this.

Growing an asset base of over \$33 million has only been possible by the generous support of Ashland County donors who care about this wonderful community and by the caring commitment of our all-volunteer Board of Trustees, providing careful stewardship.

Sharing over \$8.5 million with students in need of scholarship assistance and non-profit agencies in need of grants to support their tremendous work in our community is continuing to impact the lives of, literally, thousands in Ashland County.

Inspiring philanthropy by engaging over 6,300 donors, many of them first-time contributors, to participate with us in building endowment for the future has positioned ACCF as a hub of community engagement.

Leading with programs and initiatives that support, among many causes, the interests of women through our ACCF Women's Fund, as well as targeting the needs of youth with our new IMPACT Youth Council, the Ashland County Community Foundation is providing pathways for success in our community.

A strong community foundation builds a strong community. It is exciting, each day, to see what new challenge or opportunity is awaiting us, and, in addition to our faithful donors, we especially appreciate the phenomenal leadership of all of our trustees, volunteers and incredible administrative support staff.

We are grateful for the privilege of serving the residents of Ashland County and thank you for your continued support!

Regards,

James M. Cutright

Your Community Foundation

The Ashland County Community Foundation is among more than 750 community foundations in the United States. Community foundations are tax-exempt, 501(c)(3) public charities that serve local donors who wish to take an organized approach to giving. Because community foundations are public charities, their donors enjoy increased tax advantages not available to private foundation donors. Community foundation donors also receive professional support without hiring staff. Unlike private foundations, community foundations invest and administer a pool of funds contributed by numerous donors. Together, these donors create an endowment - in essence the community's charitable savings account - designed to ensure the long-term health of the nonprofit community.

Ohio is home to more than 90 community foundations, including several recognized nationwide as innovators in the field. Individually and collectively they provide Ohio with a wealth of energy, ideas, leadership, and social and philanthropic capital. These resources help find new and effective solutions to the challenges facing our communities. Community foundations, in essence, represent trust and confidence in the community and a commitment to our future.

Like all community foundations, the Ashland County Community Foundation:

- Has an independent, all-volunteer governing body broadly representative of its community.
- Informs and educates individuals, families and businesses about community issues and grant making opportunities.
- Actively involves individuals, families and businesses in identifying and responding to community issues and opportunities.
- Keeps all information obtained with respect to donors, funds and prospects for new fund creation confidential to the fullest extent possible.
- Honors the charitable intentions of its donors consistent with community needs and applicable laws and regulations.
- Is a steward of charitable funds, investing and prudently managing funds and maintaining accurate financial records, and is accountable to its community and regularly disseminates information on its programs and finances.
- Ensures that its financial resources are used solely in furtherance of its mission.

Donors who give through the Ashland County Community Foundation enjoy the satisfaction of knowing that their gifts will be safely and efficiently administered for the charitable purposes they specify, as well as receiving the maximum tax deduction for their contributions.

Agency Partners

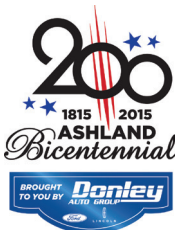

Nonprofit organizations can establish a type of donor-designated, permanently-endowed fund at the Ashland County Community Foundation called an “Agency Fund.” The earning distributions from these endowments provide an ongoing source of income for operations and programs. It’s a simple and efficient way to build an endowment...and help create sustainability...for the organization. This type of endowment also provides the opportunity for the organization to receive planned gifts of various types, including cash, appreciated stock or real estate.

This past year, two new agency funds were established to benefit,

- 1.) The Cat House Feline Sanctuary, for its long-term operations and
- 2.) The Ashland Historical Society, established as a result of the City of Ashland Bicentennial Committee’s fundraising efforts, with a view to providing future funding for city events and activities.

ACCF has provided grant funding to the “Cat House” over the past several years, as its tireless volunteers work to provide spay/neutering and temporary housing for our community’s feline friends. It is hoped that the establishment of operational endowment will encourage its donors to think long-term in their support.

Ashland’s Bicentennial Committee of industrious volunteers raised an amazing \$500,000-plus to positively impact the city in recognition of its 200th birthday. In addition to celebratory events, many long lasting improvements to the city’s landscape were included in these efforts. With a view to sustaining the physical enhancements, such as tree plantings, park benches, decorative lighting and much more, as well as encouraging future events and activities, the Committee established a permanent endowment fund, under the guidance of the Ashland Historical Society and Ashland Main Street organizations, to provide forthcoming funding.
