On June 30, 2021 we marked the completion of the 26th year of the Ashland County Community Foundation’s existence with optimism for the future, but with our thoughts also firmly rooted in the reality that our community has been deeply affected by the lingering effects of COVID-19.

As you’ll read in the pages of this annual reporting of our activities, we continue to address needs that exist in Ashland County, with the support of our army of over 7,100 generous donors and the hard frontline work of our nonprofit agency partners.

The impact from the grantmaking capacity generated from the 560 endowment funds now under our management has resulted in a total of $19,850,100 being reinvested in our county to-date, through scholarships, grants benefiting youth, women, teachers and the community at-large, as well as agency fund distributions.

Ninety-six new donors discovered that ACCF has the tools to help them accomplish their philanthropic goals, whether shorter-term through personal grantmaking in a donor-advised fund, or long-term through the creation of permanent endowment funding to support the causes about which they care.

We’re extremely proud that this year, over 7 million dollars were brought to the Foundation for stewardship, with 41 new funds being established, demonstrating donor confidence in the ability of our board and staff to properly care for their gifts and ensure that needs in our area are being met.

Rallying from the effects of the adversity of the past year-plus, our community has exhibited the strength of character that is the hallmark of our little corner of the world. We couldn’t be prouder to call Ashland County our home, which is why we provided a significant grant this year to brand a beautiful, new, centrally-located Downtown Ashland space as “Foundation Plaza,” a photo of which is displayed on our cover.

On behalf of the dedicated staff and devoted community volunteer-donors that sit on our board of trustees, we thank you for the continued support of your community foundation!

We are honored to serve you. We are “Ashland for Good.”

If you are already a member of the “ACCF Family,” we’re grateful for you; if not, please consider joining us, as we strive each day to improve the quality of life in Ashland County.

Regards,

James M. Cutright               Peggy L. Yoder

Our dedicated staff members combine professional expertise with extensive knowledge of Ashland County. We love working alongside donors and nonprofits to enhance the quality of life in our community. Operational support is funded by fee revenue and administrative endowments. We aim to keep operational costs low while providing exceptional donor service. On average, operational costs are 1% of our assets or less.
Your Community Foundation

Ashland County Community Foundation is like the “charitable bank” of the community. We pool resources from community members into endowment funds, which act as individual charitable savings accounts, invest those assets and use the proceeds to make grants for the betterment of the entire community.

We exist to serve donors, nonprofit organizations and the community as a whole.

Here for Donors
Our donors enjoy tax advantages not available to private foundation donors. They also receive professional services without hiring staff.

Donors can choose exactly how their dollars are distributed with the exception of individual scholarship recipients, or they may trust us to direct distributions from their funds to the areas of greatest need. We work alongside donors and their professional advisors to maximize both the tax advantages and the charitable impact of each gift.

Here for Ashland County
We have roots in the community. Our professional staff is connected to an extensive network of community organizations, and has broad expertise regarding local issues and needs. This knowledge helps us connect people who care with causes that matter throughout Ashland County.

Nonprofit organizations receive grants from the community foundation to support their programs and projects. Many nonprofits also establish their own endowment funds with the foundation as a means of investing for future sustainability.

Here for Good
When a donor makes a gift through Ashland County Community Foundation, that gift is never spent. Rather, it is invested, creating income that is used to make grants or provide scholarships each year.

We’re also engaged as a community leader. We help set the vision for Ashland County while ensuring charitable gifts are used effectively to meet the community’s present needs and to build a brighter future.

Agency Partners

Nonprofit organizations can establish a type of designated, permanently-endowed fund at Ashland County Community Foundation called an “Agency Fund.”

The earning distributions from these endowments provide an ongoing source of income for operations and programs. It’s a simple and efficient way to build an endowment, and help create sustainability for the organization.

This type of endowment also provides the opportunity for the organization to receive planned gifts of various types, including cash, appreciated stock and real estate.

Donors Provide Support To Charitable Organizations

In 2020-2021, 306 distributions totaling $744,855 were made from donor advised and donor designated funds.

Donor advised funds allow donors to decide each year which organizations, programs and projects will receive distributions from their funds.

Donor designated funds are a “set it and forget it” option to provide annual support to charities selected by the donor at fund creation. Donors can create named, unrestricted funds that are designated for a particular charity or for Community Grants, Teacher Mini-Grants or a Field of Interest. These funds are pooled together for maximum impact in Ashland County, allowing ACCF flexibility to respond to changing needs in the community or in a donor’s interest area.

These donor advised and donor designated funds were created in 2020-2021:

- Greg and Missy Emmons Family Charitable Fund
- Matt and Sarah Hopple Charitable Fund
