On June 30, 2025, we closed the books on another remarkable year of growth and impact at the Ashland County Community Foundation.

As you look through this annual report, you'll note a number of milestones—chief among them, surpassing \$100 million in invested assets for the first time in our 30-year history.

This landmark achievement was fueled by an extraordinary response to a matching-dollar challenge that inspired a record number of new donors. Together with returning donors, they established more than 100 new funds in the past 12 months, bringing the total under our stewardship to 789 endowment and donor-advised funds.

Our impact grew in other ways as well. In 2025, we awarded a record 340 scholarships, providing \$553,074 to support students pursuing higher education and skilled trades.

We also launched new initiatives to strengthen collaboration and service. Our *Nonprofit Meetups*—a listening-and-learning series—opened the door to fresh opportunities to partner with and better serve local agencies. In addition, we formed a Funders Council, inviting five other funding partners to work together to maximize impact and minimize duplication of efforts.

Growth in assets and programming also called for growth in space. Construction began in March on a 1,277 sq. ft. addition to our building, which will provide three new offices, a workroom, and—importantly—a first-floor conference room. We are deeply grateful to six donor families whose generosity fully funded the project before the first shovel hit the ground.

Looking ahead, we are also planning for future leadership. As part of a thoughtful succession strategy, our board has named longtime Chief Operating Officer, Kristin Aspin, as CEO-Designate, with plans for her to assume the CEO role in July 2028.

If you are already part of our 8,000+ member “ACCF Family,” thank you for walking alongside us. If not, we invite you to join in our mission as we strive *“to improve the quality of life in Ashland County by inspiring thoughtful giving and effective grantmaking.”*

Regards,

James M. Cutright

New Funds and 30TH Anniversary Matches

To celebrate our 30th Anniversary, we launched a special initiative offering \$5,000 Strategic Grants to encourage individuals, families and organizations with whom we had not had a previous named endowment fund relationship, to establish their first fund. What began as a goal to create 30 new funds in our 30th year quickly grew into something extraordinary: **more than triple** that number of new funds were created in the past 12 months!

Listed here are the new funds created this year, as we established many new donor relationships and grew existing ones. Importantly, 17 endowment funds were created for the benefit of local nonprofit agencies to provide for long-term sustainability.

The impact of the anniversary matches goes far beyond the number of funds created. Together, these new funds represent a powerful investment in the future of Ashland County.

Through this effort, we were able to leverage our investment **five times over** in the form of new gifts—truly multiplying the impact of our 30th Anniversary celebration and ensuring that these gifts will benefit Ashland County for generations to come.
